Class Reunion Memory Book Information

Information provided by members of each reunion class will be organized into a Memory Book. A copy of this book will be provided to each member of the class whether or not you are able to attend Homecoming. The Memory Book will be distributed after Homecoming.

We encourage you to send your information via email to Lori Vitale at Lori.Vitale@researchcollege.edu

Name _____ Maiden _____ Graduation Year _____

Address _____ _____

School Memories: In this section, please tell us about your recollections as a student. Include things like favorite teacher, favorite class, first clinical experience, likes/dislikes about school, roommates, friends, what you did for fun, etc. Also, include other things that were going on at Research, in Kansas City, or in the world that place your experiences in context or may have had an impact on your class.

Please use additional paper if needed.

We will have tables available for displays of scrap books, photo albums and other memorabilia. You should plan to come early to Homecoming if you have things to share or send them to the address below. All items should be clearly identified so they can be returned to the proper owners.

Thank you for your participation in this activity. It will help enrich the experience for all your classmates as well as yourself.
